D 000	Initial Comments The Adult Care Licensure Section conducted an annual survey and complaint investigation on September 28 and 29, 2022, desk survey on September 30, 2022, and onsite October 3 and 4, 2022.	D 000		
D 189	10A NCAC 13F .0604 (e)(2)(A-E) Personal Care And Other Staffing 10A NCAC 13F .0604 Personal Care And Other Staffing (e) Homes with capacity or census of 21 or more shall comply with the following staffing. When the home is staffing to census and the census falls below 21 residents, the staffing requirements for a home with a census of 13-20 shall apply. (2) The following describes the nature of the aide's duties, including allowances and limitations: (A) The job responsibility of the aide is to provide the direct personal assistance and supervision needed by the residents. (B) Any housekeeping performed by an aide between the hours of 7 a.m. and 9 p.m. shall be limited to occasional, non-routine tasks, such as wiping up a water spill to prevent an accident, attending to an individual resident's soiling of his bed, or helping a resident make his bed. Routine bed-making is a permissible aide duty. (C) If the home employs more than the minimum number of aides required, any additional hours of aide duty above the required hours of direct service between 7 a.m. and 9 p.m. may involve the performance of housekeeping tasks. (D) An aide may perform housekeeping duties between the hours of 9 p.m. and 7 a.m. as long as such duties do not hinder the aide's care of residents or immediate response to resident calls, do not disrupt the residents' normal lifestyles and sleeping patterns, and	D 189

D 189	Continued From page 1 do not take the aide out of view of where the residents are. The aide shall be prepared to care for the residents since that remains his primary duty. (E) Aides shall not be assigned food service duties; however, providing assistance to individual residents who need help with eating and carrying plates, trays or beverages to residents is an appropriate aide duty. This Rule is not met as evidenced by: Based on observations, interviews and record reviews, the facility failed to ensure personal care aides responsible for providing direct care including supervision and assistance during meals were not assigned dietary aide duties including setting tables, pouring beverages, plating food, serving meals, clearing dishes, washing dishes, cleaning dining tables and cleaning the dining room floor. The findings are: Observations during the breakfast meal in one of the two special care unit (SCU) dining rooms on 09/29/22 from 8:46am until 10:15am revealed: -At 8:46am, there were 15 residents in the SCU dining room with one personal care aide (PCA) who was setting the tables with silverware and drinking glasses. -Two additional PCAs brought the food cart into the dining room and then left. -At 8:48am, a fourth PCA was in the hallway with a resident and the first PCA was pouring beverages for the residents in the dining room. -At 8:52am, a fifth PCA was in and out of the dining room, getting and returning with orange juice. -The fourth PCA remained in the dining room. D 270	Continued From page 14 planned interventions and treatments are carried out as written in the resident's service/care plan. 1. Review of Resident #7's current FL-2 dated 06/13/22 revealed diagnoses included dementia, chronic kidney disease, chronic obstructive pulmonary disease, congestive heart failure, hypertension, hypothyroidism, cerebral vascular accident and subdural hematoma. Review of Resident #7's FL-2 dated 06/13/22 revealed an order for physical therapy (PT) and occupational therapy (OT). Review of Resident #7's current signed care plan dated 07/08/22 revealed: -He had impaired cognitive function related to dementia and needed cues, prompts and simple step by step directions. -He used a wheelchair for mobility and required two staff for transfers in and out of the wheelchair. -He required one staff for assistance with toileting. Observation of Resident #7 on 09/28/22 at 9:13am revealed: -He was sitting in his wheelchair at a table in the kitchen area of the dining room on the special care unit (SCU). -He had a bandage on the right top of his head and on his left forehead. -He had a red dried abrasion on his left cheek under his eye. Interview with a personal care aide (PCA) on 09/28/22 at 9:13am revealed: -PCAs checked all residents on the SCU "all the time". -One PCA was assigned to monitor residents in each	D 270

D 270	Continued From page 15 living room on the SCU and one PCA walked the halls constantly. -PCAs completed rounds on all residents every two hours. Observations of Resident #7's room on 09/28/22 at 9:23am revealed there was a hospital with a fall mat underneath the bed. Observations of one of the SCU living rooms from 8:02am until 8:34am revealed: -From 8:02am until 8:09am, Resident #7 was sitting in a wheelchair facing the TV. -He was constantly fidgeting, leaning forward and making attempts to get up unassisted. -At 8:09am, a PCA moved Resident #7 from the TV area and pushed the wheelchair up to a table with a puzzle laying on the surface. -There were 8 residents in the living room including Resident #7 as two PCAs left and went down the hall leaving no staff in the living room at 8:11am. -At 8:17am, one PCA walked in and then back out of the living room. -At 8:21am there were 10 residents in the living room including Resident #7 and no staff. -At 8:32am, there were 11 residents in the living room including Resident #7 and no staff. -At 8:34am, a PCA returned to the living room and started assisting residents to the dining room. -From 8:11am until 8:34am, there was no staff in the living room with 8 to 11 residents. Observations on the SCU on 10/03/22 from 11:02am until 11:30am revealed: -The Lead PCA and a PCA were in the two living room areas on the SCU from 11:02am through 11:08am.	D 270

D 270	Continued From page 25 -Resident #7 was currently on documented safety checks because he was a fall risk. -She did not know when the safety checks had been put in place or how frequently he was checked. -The electronic tablets that PCAs used to identify care tasks listed safety checks as a task. Second interview with the Supervisor/MA 10/04/22 at 1:45pm revealed: -Resident #7 was not able to get out of bed and place himself on the floor. -He had a fall mat and there had been instances where she remembered seeing the fall mat and some where she did not see the fall mat. -A lot of Resident #7's falls occurred around last rounds between 4:00am and 6:00am for unknown reasons because he was not able to tell staff what he was trying to do. -When there were three PCAs working on the SCU staff were able to do safety checks on Resident #7 but not as frequently as it should have been. -Staff might be in another resident's room and not able to get down to check on Resident #7. -Staff was not able to be everywhere at one time. Interview with Resident #7's Hospice Nurse on 10/04/22 at 11:35am revealed: -Resident #7 was transferred from another hospice service and his first visit was last Monday (09/26/22). -Resident #7 had increased agitation in the morning and would get out of bed and fall. -On 09/27/22, staff reported the resident fell at bedside and re-opened the abrasion on the top of his head. -On 09/28/22, staff reported the resident fell before first shift and was found sitting on the floor next to his bed. D 270	Continued From page 34 revealed: -The resident was in his room alone with the door closed. -The resident was lying in a hospital bed in a low position with the covers over his head. -The resident's upper body was positioned near the edge of the bed toward the bed halo near the resident's pillow. -There was a blue fall mat under the resident's bed that had not been pulled out beside the bed. -There was a wheelchair about 2 feet from the bed with the back of the wheelchair toward the bed. Interview with Resident #6 on 10/04/22 at 10:12am revealed: -The fall mat was usually on the floor beside the bed or underneath the bed. -He fell on the fall mat one time "a while ago". -He went to the hospital because he had a "bump" on his head. -The resident had not been gotten up for breakfast yet. Interviews with a MA on 10/04/22 at 10:21am and 10:50am revealed: -All residents were on routine 2-hour checks and she had not been instructed to supervise Resident #6 more often than every 2 hours. -About a month or two ago, another staff member notified her that Resident #6 was found on the floor. -The resident had an abrasion on his head and he was taken to the ED by EMS. -The resident had a fall mat that was supposed to be pulled out on the floor beside the bed when the resident was in bed. -She was not sure why the fall mat was not pulled out that morning on 10/04/22. D 270	Continued From page 35 -She checked with Resident #6 that morning between 8:00am and 8:30am but the resident refused breakfast. -She did not recall if the resident's fall mat was pulled out beside the bed when she was in the room between 8:00am and 8:30am. Interview with a second MA on 10/04/22 at 10:40am revealed: -Resident #6 had fallen "quite a bit" because he tried to get out of bed without assistance. -The fall mat was supposed to be pulled out on the floor beside the bed at all times when the resident was in bed. -If the resident was sitting up for a long time in the wheelchair, he would lean over and tumble out of the chair. -The resident required two staff person assistance with transfers. -When the resident fell in August 2022, he had a knot on his forehead between the size of a golf ball and a baseball and his left eye was swollen shut. -The personal care aides (PCAs) were responsible for doing routine 2-hour checks on all of the residents in the special care unit (SCU). -There had been no instructions to check Resident #6 more often than the routine 2-hour checks. Interview with Assisted Living Coordinator (ALC) on 10/04/22 at 12:34pm revealed: -In the SCU, staff checked on residents every 2 hours. -The facility was assisted living and could not do more frequent checks like 15-minute checks because there was not enough staff. -Resident #6's fall mat should be in place on the floor by the bed when the resident was in bed. D 270	Continued From page 36 Interview with Resident #6's PCP on 10/04/22 at 11:51am revealed: -Resident #6 had been receiving hospice services since July 2022 and had continued to decline. -The resident had a fall with a head injury in August 2022. -The resident was receiving a blood thinning medication so he was sent to the ED after the fall due to an increased risk of bleeding. -Many of the resident's falls were related to falling out of bed. -The resident had a hospital bed that should be in the lowest position. -The resident's fall mat should be pulled out on the floor beside the bed when the resident was in bed. -The resident should be checked at least every 2 hours or more often because of the continued falls or the resident could be in the common areas more often. 4. Review of Resident #4's current FL-2 dated 08/04/22 revealed diagnoses included dementia, conversion disorder with seizures, hypertensive heart disease with heart failure, overactive bladder, spinal stenosis and peripheral neuropathy. Review of Resident #4's signed care plan dated 08/05/22 revealed: -She required assistance with transferring and mobility. -She required assistance with toileting when she woke up and 2 – 3 times per shift. -She was at an increased risk for falls in the mornings and should be checked in the mornings to prevent independent transfers. -She had an actual fall on 09/08/22 while looking for her family and the intervention was for the staff to evaluate her for changes in range of motion. D 270	Continued From page 39 Review of an electronic progress note for Resident #4 dated 09/22/22 revealed she had a fall on 09/19/22 without injury. Telephone interview with Resident #4's family member on 10/04/22 at 1:46pm revealed: -On 09/14/22 during the 2 nd shift, she visited her family member on the SCU. -There was 1 PCA on the SCU and she was assisting residents with the supper meal. -There was a resident who asked for assistance and the PCA told the resident she was not able to assist at that time. -A staff person from a different assignment floated to the SCU to assist the PCA. -Her family member had multiple falls on 3 rd shift. -When the staff called to notify her of the falls, she asked who the staff were that worked at the time of the incident. -She was not notified by the facility of the fall that occurred on 09/14/22, the hospice provider contacted her and informed her of the incident. Interview with the hospice nurse for Resident #4 on 10/04/22 at 11:38am revealed: -While she was at the facility on 09/14/22, a staff reported to her that Resident #4 had a fall on that date. -She visited with Resident #4 on the same date for follow up after the fall with no new injuries noted. -She could not remember what staff alerted her of the fall on 09/14/22. -It was the responsibility of the facility to notify the facility's clinical team of incidents and then notify the hospice provider. -It was the responsibility of the hospice provider to offer a facility visit after a resident had an incident. D 270	Continued From page 40 Interview with the Resident Clinical Director (RCD) on 10/04/22 at 10:48am revealed: -It was the responsibility for the Assisted Living Coordinator (ALC) and the Special Care Coordinator (SCC) to review the incident reports and implement appropriate interventions. -The IDT included the SCC, the ALC, the RCD and the Administrator and met weekly to discuss recent falls, current interventions and the effectiveness of the interventions. -The ALC reviewed and discussed the incidents that occurred on the SCU with the IDT since the SCUC position was vacant. Based on observations, record reviews, and interviews, it was determined that Resident #4 was not interviewable. [Refer to Tag D 465, 10A NCAC 13F .1308(a) Special Care Unit Staffing.] The facility failed to provide supervision for 3 residents in the special care unit (SCU) with significant histories of falls (#4, #6, and #8). The facility's failure to provide supervision for the three residents in the SCU resulted in Resident #8 experiencing 18 falls, 2 emergency room evaluations, 4 emergency medical services (EMS) evaluations and injuries including bruises, skin tears and hip pain; and Resident #6 experiencing 9 falls with one resulting in a large forehead hematoma causing closure of the left eye. This failure resulted in serious physical harm of Residents #6 and #8 and constitutes a Type A1 Violation. The facility provided a plan of protection in accordance with G.S. 131D-34 on 10/04/22 for this violation.	D 270

D 297	Continued From page 42 -At 7:45am, a resident was sitting in an armchair in the living room with a walker in front of her sating, "I'm so hungry, I want something to eat so bad" repeatedly. -Staff would tell her breakfast was coming soon as the passed by getting other residents up and to the living room. -No one offered the resident anything to eat or drink until breakfast was served in the Chatham dining room at 9:08am. Interview with a personal care aide (PCA) on 09/29/22 at 11:22am revealed breakfast was at 8:30am, lunch at 11:30am and dinner at 4:30pm on the SCU. Observations on the SCU on 09/29/22 at 4:52pm revealed the dinner meal was being served in both dining rooms. Observations on the SCU on 10/03/22 at 5:00pm revealed the dinner meal was being served in both dining rooms. Observations on the SCU on 10/04/22 at 9:15am revealed residents were eating the breakfast meal in both dining rooms. Interview with the Dining Services Director on 10/04/22 at 12:20pm revealed: -Meal times posted were the same for assisted living (AL) and the SCU. -The SCU sometimes was delayed in starting meals due to get residents up and to the dining room. -He was aware there should have been 10 hours between the breakfast and dinner meals. -He inherited the mealtimes posted for the facility. -Sandwiches and snacks were available for residents	D 297

D 358	Continued From page 54 Telephone interview with Resident #9's PCP on 10/04/22 at 2:54pm revealed: -Resident #9 was using Voltaren Gel for arthritis pain and for chronic pain management. -The Voltaren Gel was used for pain in his knee and shoulder. -The resident was receiving hospice services and received other medications for pain that may have helped when he did not receive the Voltaren Gel. b. Review of Resident #9's physician's order dated 08/18/22 revealed an order for Guaifenesin Liquid 200mg/5ml give 5ml (200mg) 3 times a day for chronic cough. (Guaifenesin is used to treat cough and congestion.) Review of Resident #9's printed October 2022 electronic medication administration record (eMAR) revealed: -There was an entry for Guaifenesin Liquid 200mg/5ml give 5ml 3 times a day for chronic cough scheduled for 7:00am, 2:00pm, and 7:00pm. -Guaifenesin was documented as administered from 09/01/22 – 09/29/22. Observation of the morning medication pass on 09/29/22 revealed: -The medication aide (MA) prepared and administered 5ml (100mg) of Guaifenesin 100mg/5ml at 8:36am. -The resident as administered 100mg instead of 200mg, half the dose ordered. Observation of the computer monitor with Resident #9's eMAR on the screen on 09/29/22 at 12:48pm revealed: -There was an entry for Guaifenesin Liquid 200mg/5ml	D 358

D 358	Continued From page 56 system and on the directions of the medication label. -The facility was responsible for approving the orders prior to the orders becoming active in the eMAR system. Interview with the Wellness Nurse on 09/29/22 at 12:55pm revealed: -The information on the eMARs and the medication label should match. -If the eMARs and the medication label did not match, the MAs should notify her or the Resident Care Director (RCD). Interview with the RCD on 09/29/22 at 1:31pm revealed: -The MAs should read and compare the eMARs and the medication labels when administering medications. -If there was a discrepancy or something the MAs did not understand, they should notify her or the Wellness Nurse. Telephone interview with Resident #9's primary care provider (PCP) on 10/04/22 at 2:54pm revealed: -Resident #9 was taking Guaifenesin for a chronic cough and wheezing that he had for as long as she had been seeing the resident. -She ordered a chest x-ray on 09/29/22 to make sure there was no change in his condition related to the wheezing and cough. Review of Resident #9's chest x-ray results dated 09/29/22 revealed no acute cardiopulmonary process.	D 358

D 465	Continued from page 75 weekly staff assignment sheet, and staff time cards for 08/27/22 revealed: -The SCU census was 34 residents which required 27 hours and 15 minutes of aide duty on third shift. -There was a total of 24 hours and 30 minutes of staff hours provided in the SCU for third shift, a shortage of 2 hours and 45 minutes. Interview with the Assisted Living Coordinator (ALC) on 10/03/22 at 12:05pm revealed: -On 08/27/22, third shift for the SCU was short of staff so the Supervisor/MA for the facility had a direct assignment on the SCU. -There was no further time card information. Review of Resident #8's current FL-2 dated 12/28/21 revealed diagnoses included dementia, conjunctivitis, dermatitis, anemia, type II diabetes mellitus, hyperlipidemia, hypertension and anxiety disorder. Review of Resident #8's external accident/incident report dated 08/28/22 revealed the resident was found on the floor with a laceration on her left scalp and a hematoma on her left hip, was sent to the emergency room (ER) and returned with 12 staples to her left scalp. Review of Resident #8's electronic progress note dated 08/28/22 revealed: -The resident fell around 6:00am that morning (08/28/22). -She was ambulating in the hall with a walker a fell from standing. -She hit her head on the wall in the hallway causing a large laceration to the left scalp and a large hematoma on her left hip. D 465	Continued from page 76 -She was sent to the ER. Interview with a Supervisor/medication aide (MA) on 10/03/22 at 4:40pm revealed: -She was working third shift which started on 08/27/22 at 11:00pm and remembered Resident #8's fall. -The resident fell towards the morning (08/28/22) because she was in the process of administering 5:00am medications to residents. -The fall happened between 4:30am and 5:00am because she had not finished administering the 5:00am medications. -A personal care aide (PCA) found the resident on the floor in the hallway between the SCU dining room and living room. -Resident #8 would frequently get up at night and walk with her walker looking for her spouse. -That night (08/27/22), they were short of staff, and she was assigned to work on the SCU. -Normally, she worked third shift as the Supervisor/MA for the entire facility. Review of the facility's resident census report, weekly staff assignment sheet, and staff time cards for 08/29/22 revealed: -The SCU census was 34 residents which required 27 hours and 15 minutes of aide duty on third shift. -There was a total of 23 hours and 45 minutes of staff hours provided in the SCU for third shift, a shortage of 3 hours and 30 minutes. Review of Resident #3's current FL-2 dated 07/19/22 revealed diagnoses included major depressive disorder, dementia, back pain, hypertension, benign prostate hypertrophy, gastro-esophageal reflux disease and hyperlipidemia. D 465	Continued from page 81 Interview with the Resident Care Director (RCD) on 10/04/22 at 5:53pm revealed: -There had been Senior Float Nurses from the corporate office covering the role of the SCC since March 2022 except for the three months the former SCC worked at the facility. -The Senior Float Nurses arrived at the facility on Monday and left on Thursday or Friday every week. -The SCC was expected to work on the floor with staff assisting in providing direct care to residents the same as the Lead PCA. -The Lead PCA was expected to float where the resident care need was and was not assigned a group of residents. -She and the SCC assessed the care needs of the residents. Interview with the Administrator on 10/03/22 at 9:00am revealed: -The ALC and SCC were responsible for staff schedules and coordinating agency staff for call outs and holes in the schedule. -In the absence of the SCC, the ALC was responsible for staff schedules and coordinating agency staff. -The Business Office Manager (BOM) was responsible for confirming staff time and any missed punches. A second interview with the Administrator on 10/04/22 at 6:25pm revealed: -The ALC was aware of needed staff hours and current resident needs for the schedule. -He was assisting with scheduling the staffing hours for the SCU. D 465	Continued from page 82 The facility failed to ensure there was enough staff in the Special Care Unit (SCU) to meet the required staffing hours and the needs of the residents for 6 of 23 shifts sampled, resulting in the supervision and personal care needs of residents not being met or being delayed. On 08/27/22, when third shift was short staffed, a resident had a fall resulting in a head laceration requiring 12 staples. On 08/30/22, when third shift was short staffed, a second resident had a fall resulting in a head laceration requiring 6 staples. On 09/14/22, when second shift was short staffed, there was not enough staff to provide the care needed to the residents. The facility's failure resulted in a substantial risk of serious physical harm and constitutes a Type A2 Violation. The facility provided a plan of protection in accordance with G.S. 131D-34 10/04/22 for this violation. THE CORRECTION DATE FOR THE TYPE A2 VIOLATION SHALL NOT EXCEED NOVEMBER 3, 2022.	D 465
